

## **REINKE HOSTS SECOND ADVANCED PLUS SERVICE SEMINAR**

DESHLER, Neb. (March 25, 2008) – Reinke® Manufacturing, Inc., a leading manufacturer of mechanized irrigation systems, hosted the second Advanced PLUS Service Seminar March 3-5, 2008, at Reinke Headquarters in Deshler, Neb.

The Advanced PLUS Service Seminar was open to dealerships that feature employees who have qualified for the prestigious Reinke Platinum PLUS or PLUS service designation. The prestigious award, which has been received by only a handful of service technicians in the Reinke service network, is one of the most elite designations awarded by Reinke. The seminar was designed to provide an advanced level of irrigation product service training for these professionals.

“We are now seeing a solid number of Platinum PLUS and PLUS Certified Technicians within the Reinke network,” said Todd Merryman, service manager, Reinke Manufacturing. “Because of this, we thought it was important to continue to provide an accelerated level of educational training for these elite level irrigation specialists. This specialized training will further enable participating dealers to better serve their customers as we move forward in advanced irrigation controls.”

Participants on hand for the second Advanced PLUS Service Seminar included:

- Russ Rollins, Star Teck Irrigation, Lyman, Wyo.
- Russ Shostrom, P Diamond Irrigation, Kersey, Colo.
- Kevin Broman, Senkbile Farms Inc., Central City, Neb.
- Danny Black, Holdrege Irrigation, Holdrege, Neb.
- Barton Damrow, Holdrege Irrigation, Holdrege, Neb.
- Greg Quiring, Plains Power & Equipment, York, Neb.
- Sam Budelier, Roberts Irrigation Company Inc., Plover, Wis.
- Jason Wiza, Roberts Irrigation Company Inc., Plover, Wis.
